I unequalied by any Town Company in the
Territory.

The Company have just completed the largest
Hotel in southern Kansas, being three stories
high a decontaining twenty-four large, commodious sicepting and sitting rooms. In addition
to the hotel, the Company have built a large
Storehouse, which will soon be well filled with
all the commodities needed in a country like
ours. A large number of carpenters are now at
work erectting residences, shops, offices, &c. The
Company offer great inducements to m-chanics
and others, wishing to leaste. The town, from
its central location, being the geographical center of Bourbon county, must always command
an extensive trade and soon become an important town in southern Kansas, as it is surrounded by as GOOD FARMING LANDS as were
ever tilled by the husbandman.

CLAIMS.—Good and desirable claims can be obtained in close proximity to town and timber. Marmiton is splendidly and must be healthfully located, being on a high rolling prairie.—It has beautiful streams of water washing its northern and southern limits. An excellent

operation.

CLIMATE.—Marmiton is situated in latitude \$1 \in 30, and longitude, \$17 \in 47\$ west from Washington. The Thermometer does not indicate a higher degree of heat than ninety, and never in the winter gets below zero. Farmers and Mechanics find no inconvenience in doing out-door work in the winter season. Cattle, hors, sheep, etc., do well on the prairie during the entire year. There is always a pleasant breeze in the bottest days of summer, which makes the heat less oppressive than in many of the morthern States. Lots will be sold at exceedingly low figures to persons desirous of building.
